BUCKINGHAM QUITS SHORT LINE SERVICE

Resignation as Superintendent Is Reported to Take Effect December 15.

HAS LONG CAREER IN SERVICE OF RAILROADS

Report Believed at Harriman Offices in Omaha, Where He Is Expected.

According to credible sources of information, Everett Buckingham, who has been general superintendent of the Oregon Short Line, with offices in Salt Lake City, since 1904, has tendered his resignation. According to the resignation, he is to retire on December 15. It is understood that he has several offers of railroad offices, and has delayed the announcement of his retirement while considering the offers.

Mr. Buckingham has been in Chicago, but is expected at Omaha on Thurs-

EVERETT BUCKINGHAM.

day, to visit his daughter. Dispatches from Omaha say that it is generally understood about the Union Pacific of fices there that he is to retire, but there is no official confirmation of the story

Vice President W. H. Baneroft of the Shore lane said Wednesday night that he knew nothing of the resignation. Further than this he would not talk. It is understood that Mr. Baneroft alone knew of Mr. Buckingham's purpose to

resign.

Mr. Buckingham's resignation, if the report proves true, will remove a well known figure from the Harriman forces in the intermountain region. He has in nearly four decades worked his way from a messenger boy to the important position which now he is reported to be

clerk and car accountant with the St. Joseph and Denver at St. Joseph Mo. In 1880 he entered the Union Pacific service as chief clerk in the car accountant's office at Omaha, and remained until 1904, where he was successively car accountant and superintendent of transportation. In April, 1894, he was stansportation. In April, 1894, he was made general superintendent of the Short Line, with jurisdiction over the Union Pacific as far east as Green River, Wyo, and over the Southern Pacific as far as Reno, Nev.

Recently the jurisdiction of the su-perintendent of the Short Line over the nion Pacific between Green River and Ogden has been curtailed, to take fect December 15, which date is o eident with the termination of Mr. Buckingham's services.
So far as can be learned, there is no

intimation as to who his successor may

FATHER OF MRS. L. P. HILL SUCCUMBS TO DISEASE

James Pitton, aged 69 years, died at the residence of his daughter, Mrs. L. P. Hill. 755 East Second South street. Wednesday afternoon, from a complication of diseases. He leaves a wife, a married daughter and a son, and several grandchildren. Mr. Pitton came to Salt Lake in December, 1996, from Pueblo, where he had been chief train dispatcher of the Denver & Rio Grande railway for fifteen years. He was born at Hamilton, Onlario. Canada.

Mr. Pitton has been a prominent trainman for years, and was at one time superintendent of the New York, Pennsylvania & Ohio railroad, at Measiville, Pa. He was a member of the Royal Arcanum and had been a Mason for thirty years.

The funeral services will be held at the chapel of O'Donnell & Co., Thursday afternoon at 4 o'clock. The body will be taken to Denver for interment.

The funeral services will be held at priced to the less expensive.

HOLD UP A MINER IN DAYLIGHT IN ALLEY

Three Men Surprise Cy Carmen and Get \$140 and Watch.

Three men held up Cy Carmen, formerly of this city, now miner in the Tintic district, in the alleyway below the Consolidated Wagon and Machine com pany on South State street in broad daylight Wednesday afternoon, and took

daylight Wednesday afternoon, and took from him \$140 in money and a silver watch, prized highly by Carmen because of its being a present from his parents when he reached the age of 21.

Policemen Stains and Carey, two or three hours later, arrested E. J. Richardson, who has served terms in the city fail and Utah state prison for thieving. George Wilson, who recently served seventy days for vagrancy, and Van Houten were arrested in the New Brunswick bar, shortly after. Carmen positively identified Wilson as one of the men who held him up, and thinks the other two assisted him.

him up, and thinks the other two assisted him.

Carmen is a son of ex-Policeman Carmen, who resigned from the local force seven years ago and is now mining in Nevada. He is 23 years old.

BURGLARS ENTER BELLION RESIDENCE AT MURRAY

Burgiars broke into the residence of W. H. Bellion, a mile east of Murray, on Wednesday afternoon, while the family was away, and stole three watches and a stickpin, the total value of which is placed at \$155.

ed at \$155.
fortunate circumstance for Bellion
the removal from a hiding place in
house a few days ago of \$150 in

money.

The burglars entered by a rear door, Only one room, Bellion's bedroom, was visited. Three watches, worth about 150, and a stickpin worth \$5, were taken. Deputy Marshal Colwell of Murray tracked one of the burglars from the house to a near-by creek, but could discover no further traces.

No Money Wanted.

In renting our safety deposit boxes, people who get them are obliged to sign an agreement that they will not place money in them—partially a precaution on our part, and partially because one great trouble during the temporary embarrassment for want of ready cash barrassment for want of ready cash which is at present having its effect everywhere, is the locking up of large amounts of each which would otherwise be in circulation in the legitimate channels of trade and investment.

But we were enforcing this clause in our agreement long before the money market assumed its present condition, anticipating, as it were, just such a stringency.

ringency. But here's a singular thing: We have But here's a singular thing: We have let more safety deposit boxes the past ten days than during any similar period in three months, and the people who have taken them certainly have something to put in them. The price for absolute safety from burglars and fire by the year is less than a cent a day.

ENGINEERS ENCOUNTER EXTENSIVE SALT BEDS

In building the Western Pacific the en-gineers encountered huge sait beds, said to be eight miles in width and forty miles long. There isn't, perhaps, an-other such a salt deposit in the world. Its true depth is as yet unknown, as it has only been sunk into six or seven feet has only been sunk into six or seven feet in blasting holes for telegraph poles, and in sinking these holes it was seldom that the bottom of the salt bed was reached. This salt is said to be 98 per cent pure Taking into consideration the enormous quantity, its commercial value is almost beyond computation. The bed is all, of nearly all, taken up by placer claims since the advent of the railroad. These salt beds are situated over near the west end of the great desert, and the west end of the great desert, and about 120 miles west of Sait Lake City.

DOUBTS GREAT POWER REDUCTION IS NEAR OF "BOY PHENOMENAL"

Woman Begins Suit for Payment on Unsuccessful Cure of Cancer.

Mrs. C. A. Larsen wants Seth M. Wells, notoriously known as the "Boy Phenomenal," to repay her \$150, which he received from her in July of the present year, for treating her for cancer. Mrs. Larsen says that Wells held himself out as the "Boy Phenomenal," and said to her that he possessed remarkable and unusual powers of healing diseases. He also assured her that he could cure her of cancer, and she paid him \$150, she says, for that purpose.

Instead of curing her, however, Mrs. Larsen says that the "Boy Phenomenal's" treatment aggravated her condition, and she now wants her money back. The action was filed in the City court.

IN FIRE INSURANCE

Pacific Board of Underwriters Will Announce New Rates Soon.

INCREASED PROTECTION CAUSE OF REDUCTION

All Insurable Property Is to Be Affected by New Schedule.

Salt Lake citizens are in a fair way to get the benefit of a reduction in fire nsurance rates. In fact, some redu tions already have been made.

At a meeting of the local board of fire underwriters, last July, at the suggestion of Engene B. Palmer of Stowe & Palmer, a movement was started to secure an equitable adjustment of the fire rates that then obtained in Salt Lake City. It was felt by the local underwriters that reductions of fire rates should be made because of an improvement in the city's water supply and fire fighting facilities. The local agents thereupon made voluntary sub-scriptions for the purpose of sending a representative to San Francisco to con-fer with the Pacific board of under-writers, which has jurisdiction over the

writers, which has jurisdiction over the Salt Lake rate schedule.

James Rogers, president of the local underwriters' board, was selected to make the trip and he went to San Francisco loaded with statistics concerning the increased water supply and pressure, extension of water mains and the very decided better. very decided betterment of the fire

fighting equipment. Official Investigates.

All necessary facts were laid before the Pacific board with the request that the matter be given immediate consideration. Shortly after Mr. Rogers' return to Salt Lake he was followed by Alfred Stillman of San Francisco, seretary of the Pacific board of fire underwriters, who hold several conferences with the local board and prosecuted a personal investigation.

cuted a personal investigation.

It is apparent that Mr. Stillman, upon his return to San Francisco, made a report favorable to the contentions of the local underwriters' board, as al-ready some reductions have been an-nounced. These affect the University of Utah, the city and county building, church edifices and school buildings of Salt Lake.

Also, it is understood that a flat reduction affecting all insurable property of the city soon will be announced. This announcement was expected sev eral days ago, but, according to report, is being held in abeyance pending an investigation of the manner in which the Redman Van & Storage company fire was handled by the local fire fight

ing force.

Karl Schied, district manager for the Pacific board of underwriters has, it is said, been no insignificant factor in bringing about present results.

GARNISHEES CUTLER ON DONE'S JUDGMENT

Governor's Secretary de Jure and Secretary de Facto in a New Role.

It was learned, Wednesday, that Judge Whitaker, on November 6, entered judgment against Alfred T. Cutler, private secretary of Governor Cutler, as garnishee, in the case of George D. Alder against Willard Done, acting private secretary of the Governor. Alfred T. Cutler, it appears, is the real private secler, it appears, is the real private secretary, but Mr. Done does the work and
receives the salary, or a portion of it.

The garnishment was served September 19 and, in his answer, Alfred T. Cutler admitted that \$95 was due Done, but
said that he (Cutler) had assigned the
entire amount due for the month to the
Utah Commercial and Savings bank.
Upon this showing, Judge Whitaker entered judgment against Alfred T. Cutler,
the garnishee.

INSTITUTE SEARCH FOR MISSING MAN

A letter was received at the State Board of Health office Wednesday from Godfrey & Molander, attorneys, of New York, asking that an effort be made to locate Daniel Wehring in Salt Lake, but giving no reason as to why he was wanted.

The letter was a letter was a letter was wanted.

giving no reason as to why he was wanted.

The letter stated that Webring disappeared from his home at St. Paul in 1898, and headed for Galveston, Tex. Since that time, recited the letter, no word had been received from him, and his wife, Jennie Webring, belleves firmly that he is dead. A description of Webring said that he was aged 49 years, 5 feet 11 inches in height, dark complexioned, and had gray eyes. Webring was formerly a member of the Modern Woodmen of America, a blacksmith by trade, and addicted to the use of whiskey, according to the advices.

The reason for the letter is that Godfrey & Molander have learned that Webring is in Sait Lake City.

BRAKEMAN MEETS TERRIBLE DEATH

Is Decapitated by Freight Cary While Switching at Bingham Junction.

JARRING OF CARS IS CAUSE OF ACCIDENT

William H. Bryan Is Thrownson Under Wheels and Fright. I fully Crushed.

William H. Bryan of Salt Lake, brakeman in the employ of the D. & R G, radway, was decapitated Wednesday afternoon by being run over by the engine of local freight No. 30, which runed between Salt Lake and Helper and which was engaged switching ears at Bingham Junction. There were no wil nesses to the death. It was discovered after two cars had passed over Bryan, severing the head from his body and cutting off the left arm at the should

der and the right at the elbow. News of the frightful accident was telephoned to the dead man's wife at her rooms in the Wilfrey apartments. The woman was prostrated and remains in the sai

A car was shunted onto a sidetrack at Bingham Junction and Bryan started up its end to set the brakes and stop it. Before the car had cleared the main line the engine shoved a string of ears against it with a shock that loosened Bryan's hold and threw him under the wheels.

The body was placed in a caboose and brought to the Salt Lake City morgue, The train was in charge of Conductor W. E. Valiant, who returned with the body. Valiant was greatly distressed body. Valiant was greatly distressed by the accident and refused to talk. Bryan was 42 years old and an ex-cellent specimen of manhood. He was about six feet in height and weighed al-most 200 pounds. He belonged to the Masons and the Brakemen's union. His native State was Pennsylvania. He came here from Denver about twelva years ago and was widely known in railroad circles in the West.

railroad circles in the West. William Bringhurst, a fellow brake-man on No. 30 with Bryan is at St. Mark's hospital, suffering from serious but not fatal injuries. Bringhurst was injured at Murray at 12 30 o'clock Wednesday afternoon. While switching there he was caught

between two ears and severely bruised about the back. Good Printing. Tribune-Reporter Ptg. Co., 66 W. and
